

Grand Lakes Stainless, Inc
Peter Berden
1305 Stepke Court
Traverse City, MI 49684

Dear Peter,

Congratulations! Grand Lakes Stainless, Inc has passed the Chamber's Mark of Excellence – A Quality Assessment program. Proudly display the enclosed seal that proves your business has been assessed and has the "mark" of excellence by the Traverse City Area Chamber of Commerce.

Your assessment was powered by a team of qualified professionals with SCORE. After their review, your business received a score of 92.6%. In order to attain the Chamber's Mark of Excellence seal of approval, we require a business to score at least 85% or better. Great job!

Now what?

Displaying the Chamber's Mark of Excellence seal will validate your business and encourage consumers to do business with you. We encourage you to place this in the following:

- All future advertising and communications
- Your office – see the enclosed one-sheet for displaying suggestions
- On your website
- And in any other area that your business name is displayed!

The Chamber will celebrate this validation by publishing your businesses name in upcoming communications and a press release to our region's media outlets.

If you have any questions or comments regarding this program or the process, please contact me directly at (231) 995-7103 or laura@tcchamber.org.

Congratulations! We're proud of your business.

Sincerely,

Laura J. Oblinger
Chief Operating Officer
